Hemp Lively's HHC (Hexahydrocannabinol) aka "Hydrogenated THC" Gummies are yet another alternative to THC. HHC is a naturally occurring cannabinoid found in hemp seeds and pollen. In studies done on rats, HHC showed signs that it may provide higher relief than THC. If THC has worked well for you, try HHC gummies.

ORDERING

GUMMIES MUST BE ORDERED IN MULTIPLES OF 500. Any gummy you see with pricing in the 500, 5000, and 10000 lines mean we keep them in stock in the flavors listed on the website.
Prices will automatically adjust in the cart as you reach each tier. All 500ct, 5000ct, and 10,000ct packs can mix and match gummy types and variations to reach the next tier.
eg. To reach the 5000ct pricing, you can add 5 x 500ct bags of Delta 8 25mg Strawberry Cubes with 5 x 500ct bags of Delta 9 THC Gummies to reach 10 x 500ct = 5000 gummies
Custom Flavors, Colors, and Cannabinoid blends available upon request and will require a 40,000 MOQ (1 run of our machine)
